ABOUT US

We are a professional company specializing in the **development, supply, and customization of rope, net, and webbing products**, with netting solutions as our core business. Our portfolio includes **knotted nets, knotless nets, warp-knitted nets, braided nets, protective nets, aquaculture nets, agricultural nets, cargo nets, sports nets, industrial nets, and anti-drone protection nets**. We also supply high-strength ropes, braided ropes, industrial ropes, lifting slings, tie-down straps, and other related products.

We have strong capabilities in **net design and customization for different applications and performance requirements**. Based on target loads, operating environments, and installation conditions, we can optimize fiber materials, rope diameters, mesh sizes, net structures, node configurations, overall dimensions, and local reinforcement. This enables a balanced combination of strength, energy absorption, lightweight performance, and durability, with integrated services from design concepts to customized products.

Serving global markets, we are committed to delivering **reliable, high-performance, and value-added rope, net, and webbing solutions**.

OUR PRODUCTS

Net,Rope &Webbing

Three core product lines, versatile applications, tailored to your needs.

Nets

**Anti-Drone
Nets**

**Knotted
Nets**

**Knotless
Nets**

**Braided
Nets**

**Protective
Nets**

**Warp-
Knitted Nets**

**Cargo
Nets**

**Sports
Nets**

**Industrial
Nets**

**Aquaculture
Nets**

**Agricultural
Nets**

Ropes

**UHMWPE
Ropes**

**Aramid
Ropes**

**Kernmantle
Ropes**

**Braided
Ropes**

**Twisted
Ropes**

**Marine
Ropes**

FISHING NETS

Knotted Nets & Warp Knitted Nets

We supply a wide range of fishing nets, including knotted nets and warp knitted nets, designed for durability, strength, and reliable performance. Available in various materials, structures, and specifications, our nets are suitable for fishing and aquaculture applications in marine, freshwater, and coastal environments. Customization is supported to meet your specific operational requirements.

Technical Specifications

Materials: Nylon / Polyester / HDPE / UHMWPE

Net Type: Knotted / Warp Knitted

Yarn Type: Monofilament / Multifilament

Thread Size: 210D/2ply - 1500D/3ply

Mesh Size: Customizable

Depth: Customizable

Color: White / Green / Blue / Custom

Applications: Fishing / Aquaculture / Marine Use

Product Information

Customization: OEM/ODM Supported

Certification:

Factory location: China

Packing: As Required

Minimum order: 2000kg

Shipping Terms: FOB

Supply Capability: Stable Production and Export Supply

Service: Sample Support and Specification Customization

High Strength & Toughness Ultra-Lightweight
Low Water Drag Less Fish Damage

Shade NETS

Knotted Nets & Warp Knitted Nets

We provide a wide range of agricultural netting products, including shade nets, insect nets, bird nets, hail nets, windbreak nets, fruit collection nets, ground covers, and crop protection nets. They are widely used in orchards, greenhouses, nurseries, and open-field cultivation. Products can be customized in material, mesh size, weight, shading rate, color, width, and structure according to different crops, climates, and protection requirements, providing tailored solutions for agricultural protection and cultivation.

Technical Specifications

Materials: PE/PP/HDPE (Anti-uv)

Net Type: Warp Knitted

Yarn Type: Monofilament / Multifilament

Fabric Weight (GSM): 65 / 75 / 80 / 85 / 90 / 100 / 110 gsm (Customizable)

Length: 100 m / 175 m / 200 m (Customizable)

Color: White / Green / Blue / Custom

Service Life: 10+ Years

Applications: Orchards/Farmland/
Greenhouses/Nurseries/Vegetable
/FieldsLandscaping

Product Information

Customization: OEM/ODM Supported

Certification:

Factory location: China

Packing: As Required

Minimum order: 2000kg

Shipping Terms: FOB

Supply Capability: Stable Production
and Export Supply

Service: Sample Support and
Specification Customization

Aging Resistance / Corrosion Resistance / Creep Resistance
Easy Installation / Stable Manufacturing Process

INDUSTRIAL NETS

Ground Cover / Construction Cover / Safety Nets

We supply industrial netting for civil engineering, construction and logistics, including ground cover nets, construction cover nets, fall arrest safety nets, debris containment nets and cargo securing nets. Materials, mesh sizes, fabric weights, dimensions and reinforced edges can be customized for different applications. Covering and containment nets suit site enclosure and material protection. Fall arrest nets require a dedicated design and project-specific testing.

Technical Specifications

Materials: HDPE / PP / Polyester / Nylon

Net Type: Knotted / Knotless / Warp Knitted

Mesh Size: Customizable

Weight / Size: To Specification

Edge Finish: Reinforced / Rope / Eyelets

Color: Beige / Green / Custom

Product Information

Customization: OEM/ODM Supported

Factory Location: China

Packing: Rolls / Bales / As Required

Minimum Order: By Product & Specification

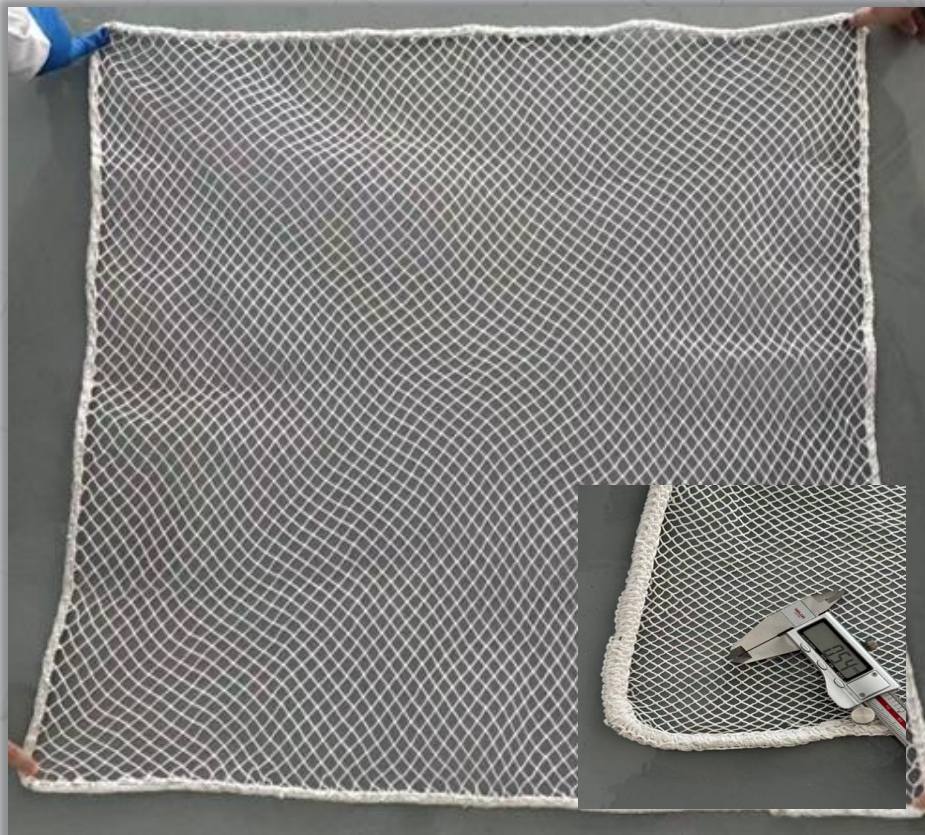

Shipping Terms: FOB

Service: Sample Support and Specification Customization

**Ground Cover / Construction Cover / Fall Arrest
Debris Containment / Cargo Securing**

Anti-Drone Protection Nets

Knotted Nets & Warp Knitted Nets

We provide high-performance anti-drone netting for critical infrastructure, mobile assets, roads, military airports, and other sensitive areas. Made from UHMWPE, aramid, and other high-performance fibers, the nets offer high strength, low weight, impact resistance, and durability. Custom designs are available for materials, mesh size, rope diameter, structure, dimensions, and protection level to meet different installation and impact requirements.

Technical Specifications

Materials: UHMWPE / AF

Net Type: Warp-knitted Knotless /
Knotted

Series Order: L / H / M / E

Fabric Weight (GSM):)

Suggested Energy: ≤ 0.5 / 0.5–5 / 5–30
/ >30 kJ

Length: (Customizable)

Applications: Equipment / Buildings /
Infrastructure

Product Information

Customization: OEM/ODM Supported

Certification:

Factory location: China

Packing: As Required

Minimum order: 2000kg

Shipping Terms: FOB

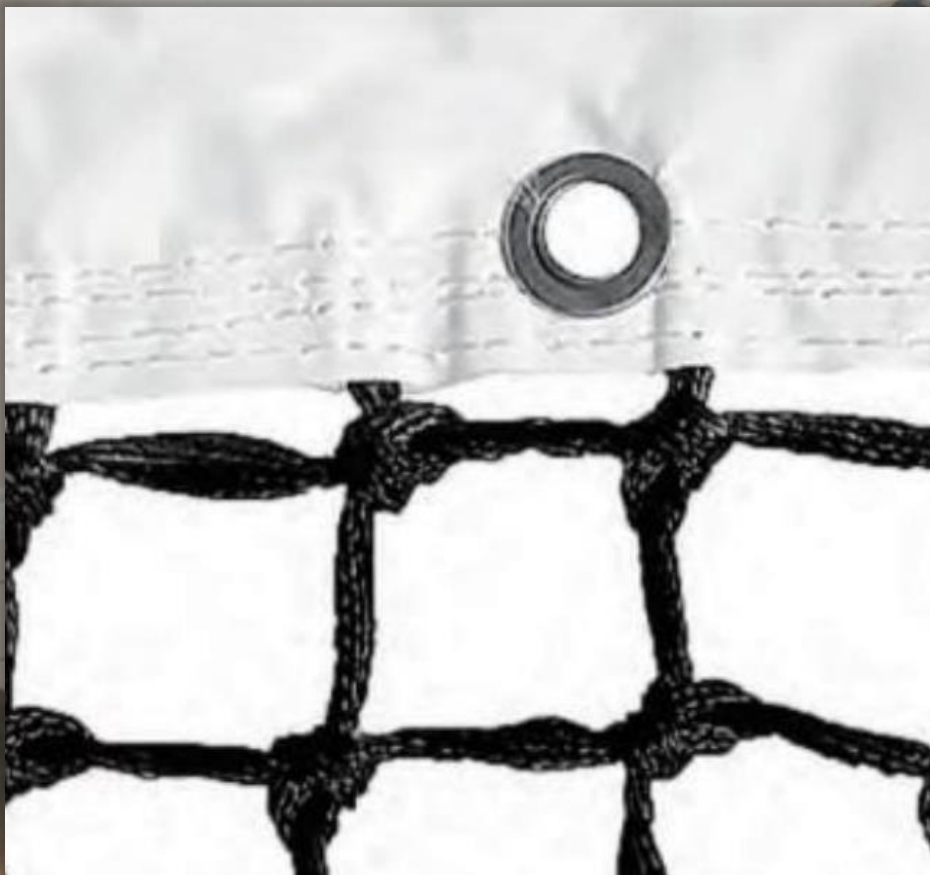

Supply Capability: Stable Production
and Export Supply

SPORTS NETS

Goal Nets / Court Nets / Training & Ball-Stop Nets

We supply sports netting for football, tennis, badminton, volleyball, basketball, golf, baseball, hockey and lacrosse. The range includes goal nets, court nets, practice cages, rebound nets and ball-stop netting for training and venue use. Choose knotted or knotless structures with materials, mesh sizes, twine diameters and overall dimensions matched to the sport. Reinforced borders and attachment details can be customized.

Technical Specifications

Materials: PE / HDPE / Polyester / PP / Nylon

Net Type: Knotted / Knotless

Mesh / Twine: To Specification

Dimensions: By Sport / Custom

Edge Finish: Reinforced / Fabric Binding / Sleeves

Color: White / Black / Custom

Product Information

Customization: OEM/ODM Supported

Factory Location: China

Packing: Bags / Cartons / As Required

Minimum Order: By Specification

Shipping Terms: FOB

Service: Sample Support and Specification Customization

**Football / Tennis / Volleyball / Basketball
Golf / Baseball / Badminton / Hockey / Lacrosse**

ROPES

Multiple Materials & Custom Rope Structures

Product and factory illustrations (AI-generated)

Our rope range includes UHMWPE ropes, aramid ropes, kernmantle ropes, braided ropes, twisted ropes, marine ropes and industrial ropes. A broad selection of fibers and blended materials supports different application needs. We customize diameters, lengths, braid or twist structures, core and cover combinations, colors and end finishes. Custom solutions support marine and industrial applications.

Technical Specifications

Materials: UHMWPE / Aramid / Nylon (PA) / Polyester (PET) / PP / PE / Cotton / Blended Fibers
Diameter / Length: Customizable
Core / Cover: Material Combinations
End Finish: Spliced / Sewn / Cut
Color: Solid / Multicolor / Custom

Product Information

Customization: OEM/ODM Supported
Factory Location: China
Packing: Coils / Reels / As Required
Minimum Order: By Specification
Shipping Terms: FOB
Service: Sample Support and Specification Customization

UHMWPE / Aramid / Synthetic & Blended Fibers
Custom Diameters, Structures & End Finishes

WEBBING & STRAPS

Lifting Slings & Cargo Securing Solutions

We supply lifting slings, webbing slings, ratchet straps, tie-down straps and endless slings for industrial handling and cargo securing. Materials, widths, thicknesses and lengths can be customized, along with weave structures, stitching, end fittings and colors. Webbing rolls and finished assemblies can be tailored to the intended use and product specification.

Technical Specifications

Materials: Polyester / Nylon / PP / UHMWPE / Aramid

Width / Thickness: Customizable

Length: Customizable

Structure: Flat Woven / Tubular

End Finish: Eye Loops / Endless / Buckles & Hooks

Product Information

Customization: OEM/ODM Supported

Factory Location: China

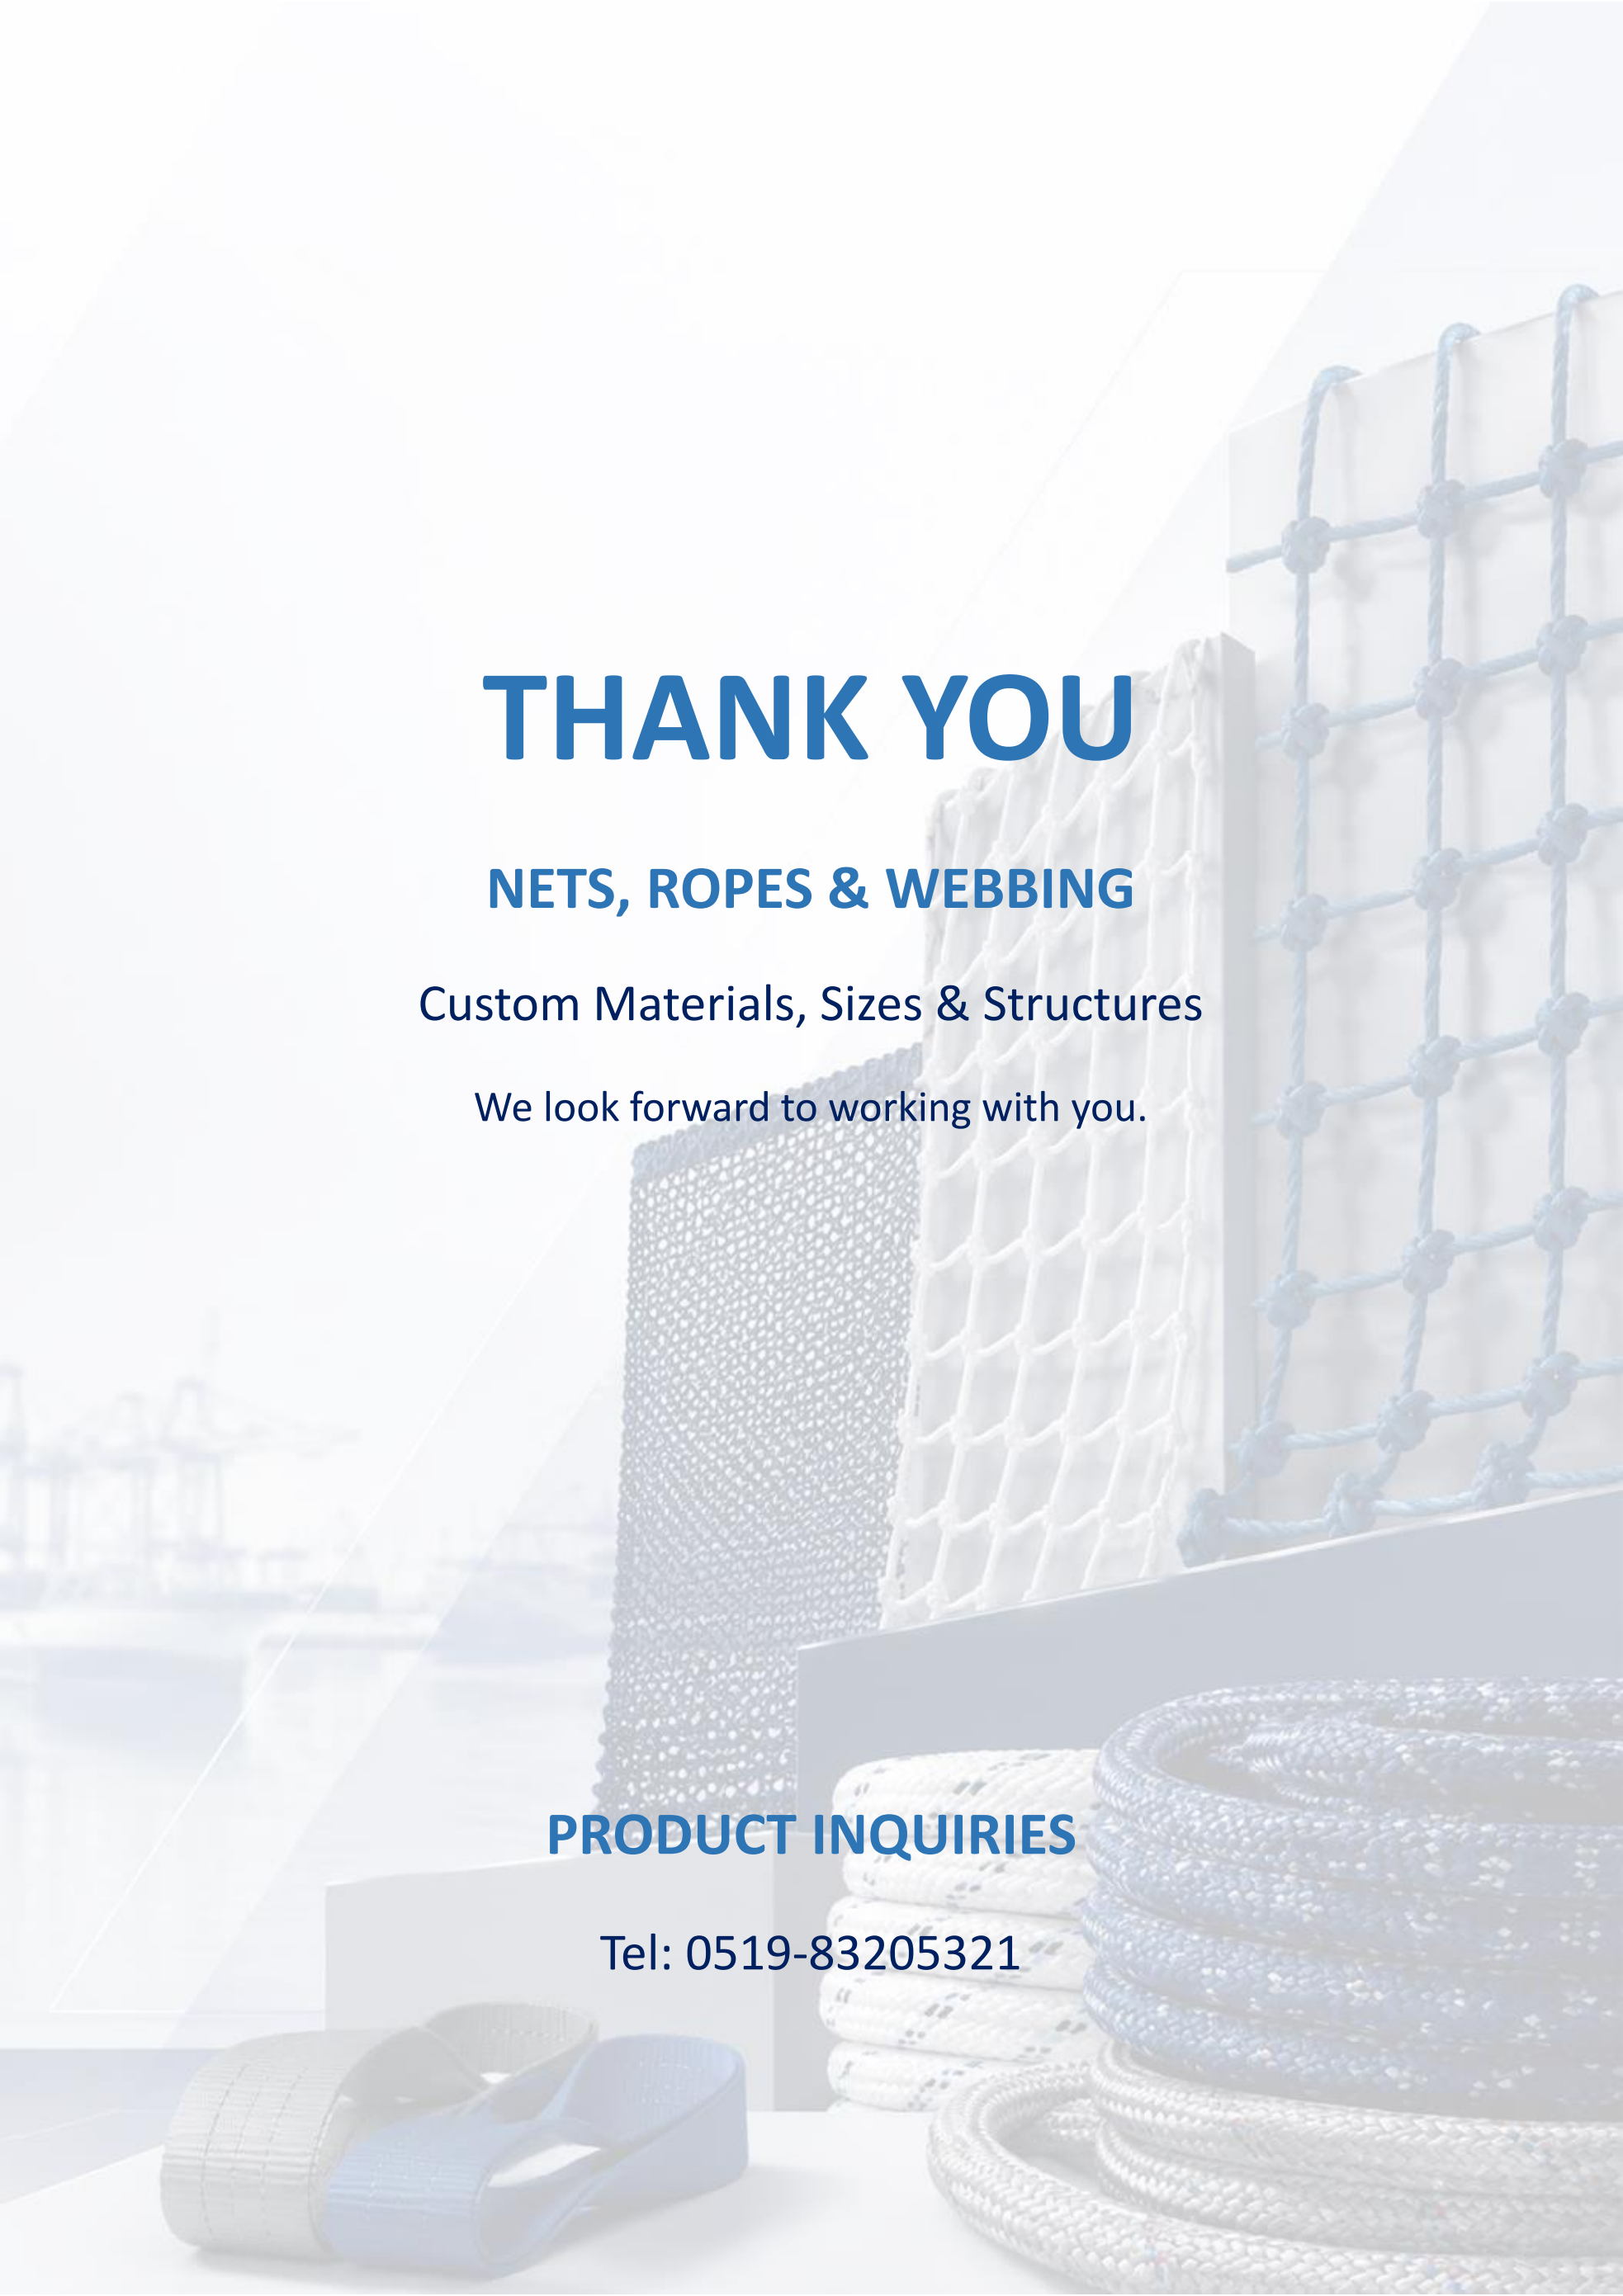

Packing: Rolls / Bundles / As Required

Minimum Order: By Specification

Shipping Terms: FOB

Service: Sample Support and Specification Customization

Lifting Slings / Ratchet Straps / Endless Slings
Custom Widths, Materials & Finished Assemblies

THANK YOU
